AUGSD
FIRST SEMESTER 2026-2027
Course Handout Part II

Date: 01/08/2026

In addition to Part-I (General Handout for all courses appended to the timetable) this portion gives further specific details regarding the course.

Course No. : MPBA G502
Course Title : Financial Statement Analysis and Reporting
Instructor-in-charge : Prof. Saurabh Chadha

1. Course Description

The common thread running through all the decisions taken by various managers is money and there is hardly any manager working in any organisation to whom money does not matter. This course has been designed keeping the above fundamental business concepts in mind. Efforts will be made to appreciate the basic understanding of accounting concepts, practices, preparation and analysis of financial statements using spreadsheet modelling.

2. Scope and Objectives

- Develop conceptual knowledge of the financial accounting and about the techniques for preparing accounts in different business organizations.
- Understand the accounting process and to develop skills necessary to evaluate an enterprise's financial position and its operating, investing and financing activities.
- Develop the skills needed to analyze financial statements effectively.
- Gain an understanding of the choices enterprises make in reporting the results of their business activities.

3. Text book: R. Narayanaswamy, Financial Accounting: A Managerial Perspective, 6th edition, Prentice Hall of India
